P-227

MEMORANDUM FOR: THE RECORD

SUBJECT : TRIP REPORT

TIME : 4 May 1961

PLACE :  New York City

25X1

THOSE PRESENT :

25X1

1. The main purpose of this meeting was the inspection of production Line Analyzer units. A total of sixteen (16) units were ready for inspection. Fifteen (15) units were accepted and one (1) unit was rejected.

2. Seventy nine (79) Line Analyzers have now been accepted and shipped. Twenty (20) remain to be fabricated. It is anticipated that the production will be complete prior 1 July 1961.
